EDUCATION

BSc (Hons) Software Engineering
University of Glasgow
Sep 2020 - Jun 2024

EXPERTISE

Soft Skills
- Client Communication
- Problem Solving
- Collaborative & Independent Working
- Coaching and Mentoring
- Working to tight Timescales & Budgets
- Active listening
- Leadership
- Teamwork

Technical Skills
- Application Design
- Test-Driven Development
- CI/CD pipelines
- DevOps and deployment

Technologies & Tools
- Git Version Control
- React, NextJS, NodeJS, React Native
- TailwindCSS
- Linux
- RESTful API's, Post Man
- Firebase
- VSCode, IntelliJ, Android Studio, Jupyter Notebook
- Figma

Languages
- JavaScript & TypeScript
- JSON
- Java
- Python
- PHP, SQL
- HTML & CSS

PROFILE

I'm excited to collaborate with clients on diverse challenges, leveraging my broad technical skills to efficiently deliver exceptional results. With strong expertise and a drive to exceed expectations, I'm ready to help clients bring their ideas to life through top-notch mobile and web development services.

WORK EXPERIENCE

Glasgow University Software Services
Nov 2023 - July 2024
Software Engineer

- **Client collaboration:** Actively participated in client meetings to gather requirements, discuss project scope, and provide suggestions
- **Codebase familiarity:** Efficiently analyzed, understood, and worked with existing codebases to meet client needs
- **Bug resolution:** Identified and resolved bugs and issues in the codebase, both independently and through pair programming
- **Feature implementation:** Developed and implemented new features based on client requirements, collaborating with the team
- **Demos and presentations:** Conducted demo meetings to showcase updates, communicate project status, and address client feedback

City Explorer
May 2023 - Sep 2023
Full-stack intern

- **Internship experience:** Full-stack development for a live streaming website
- **Bug resolution**: Fixed 20+ issues
- **Leadership:** Led a team of interns, assigning tasks and reviewing code
- **DevOps:** Deployed and maintained the project on the company's FTP server
- **Feature implementation:** Contributed ideas for new features to enhance the website's functionality
- **Full-stack development:** Worked on both frontend and backend development using Angular and PHP

PROJECTS

Visua App

Developed a **React Native** mobile app with **Firebase** and **Apple Health Kit** integration, enabling users to track and share fitness data. Demonstrated adaptability, independent work, project management, and continuous improvement throughout the development process.

GoodBridge

Developed a professional web application for GoodBridge using **Node.js** and **React.js**, showcasing strong collaboration skills and proficiency in modern web technologies. Led the **DevOps** process, including **CI/CD**, **deployment**, **unit tests**, and builds, while maintaining clear client communication through sprint planning and review meetings.
